PROFILE SUMMARY

I'm a Software Engineering student at COMSATS University, Lahore with hands-on experience in frontend development along with growing interest in MERN stack development. Skilled in building responsive user centric web applications using React.js, Framer Motion, and Tailwind CSS. Proficient in Java, C++, and Python with a solid understanding of data structures and core programming concepts. Hands on project experience developing real time, API driven applications and working with Git/GitHub for version control. Passionate about turning complex ideas into digital experiences and continuously learning modern technologies. Seeking an internship to apply technical skills and gain real-world development experience.

EDUCATION

BS Software Engineering

September 2024-Present

Comsats University Islamabad, Lahore Campus

RELEVANT COURSEWORK

Object Oriented Programming | Data Structures and Algorithms | Database Management System | Artificial Intelligence | Software Engineering

TECHNICAL SKILLS

Frontend: React.js | Tailwind CSS | Framer Motion | JavaScript | Responsive Design

Programming: Cpp | Java | Python

Tools: Git/GitHub, VS Code, Vercel /Netlify, Supabase

Personal Projects

1. Crypto Metrics Explorer (Advanced React App)

- Developed a real-time cryptocurrency dashboard using React.js and CoinGecko API
- Implemented dynamic data fetching to display live prices, market caps, and trends.

2. Pixels App – Image Explorer

- Built a dynamic photo gallery using JavaScript and REST APIs (Unsplash API).
- Created a dynamic image gallery using JavaScript and Unsplash API.
- Implemented infinite scrolling and Masonry layout for better user experience.

3. Weather App.

- Built a weather application using Async/Await and OpenWeather API.
- Handled API errors and edge cases to ensure reliability.
- Displayed real-time weather data with a clean and responsive interface

4. Amazon & Netflix Frontend Clones

Extra-Curricular Activities

International MUN - Virtual

JAN 2025 – MARCH 2025

- Participated in global debates on social and economic issues, enhancing research, analytical thinking, and communication skills.
- Strengthened research, analytical thinking, and communication skills. Collaborated with international peers in team-based discussions.

Certifications

Introduction to Front-End Development (Coursera 2025)

- Issued by Meta via Coursera, demonstrating foundational skills in JS ,React.JS, and modern frontend development practices.
